To, **Date: 12/12/2024**
Shri S.S. Samal,
Ex-CEO, Atal Incubation Centre-AUDF, Delhi
Former Head & Programme Co-ordinator, PMU, ARCI-Gurugram (DST-Govt of India)

Subject: *Invitation to Join as Advisor for HN Technovations LLP*

Dear Sir,

I hope this letter finds you in great health and high spirits. It is with immense respect and admiration for your illustrious career and pioneering contributions in fostering innovation and entrepreneurship that I, on behalf of **HN Technovations LLP**, humbly invite you to join us as an advisor.

HN Technovations LLP, an initiative from the Department of Chemical and Polymer Engineering, Tripura University, focuses on developing innovative solutions in portable water purification technologies. Recognized by **Startup India (DPIIT)**, our work aligns with national priorities, particularly in disaster management and sustainable water solutions, empowering communities with access to clean and safe drinking water.

Your exemplary leadership as the former **CEO of Atal Incubation Centre-AUDF, Delhi**, coupled with your pivotal role in driving key programs under the **Programme Management Unit (PMU) of ARCI-Gurugram (DST-Govt of India)**, sets a benchmark for nurturing startups and fostering a culture of research and development in India. We believe that your guidance and mentorship will bring transformative value to our mission and help us scale new heights in innovation and impact.

We envision your involvement in steering our strategic direction, strengthening our operational framework, and advising us on leveraging governmental and institutional support effectively. Your association with us will be instrumental in achieving our goal of building sustainable and scalable solutions for pressing water challenges in India and beyond.

Thank you for considering our invitation. We deeply value your expertise and would be privileged to benefit from your advisorship.

Looking forward to your positive response.

Warm regards,
Harjeet Nath
Assistant Professor, Department of Chemical and Polymer Engineering
