The learning model followed at CGC lays foremost emphasis on the ideal blend of conceptual & experiential learning. Interactive lectures, rigorous debates and regular interaction with corporate honchos, give an edge to our students. The lectures are supplemented with Case Studies, Management Games, Simulation Workshops, Role Plays, Group Exercises, Team Projects, and Personal Skill Workshops & Industrial Visits. The curriculum is constantly restructured to keep it in sync with the needs of fast changing corporate scenarios. The years spent at CGC help students throughout their professional careers in carving a distinguished niche for themselves.
