To Whom It May Concern

As a co-convener of IT Committee at The LNM Institute of Information Technology, I am pleased to write a recommendation letter for Mr. Chandra Prakash Beniwal. Mr. Beniwal has worked as Network/System Administrator at The LNM Institute of Information Technology, Jaipur since March 2010. I have interacted with Mr. Beniwal closely for the above said period. I appreciate his work and have seen him working dedicatedly and with full sincerity. Mr. Beniwal has been involved in restructuring, implementing and maintaining the entire campus network infrastructure at LNMIIT. He has also contributed immensely in designing the network infrastructure for the new hostels, new academic blocks, and upcoming faculty quarters. He was also involved in IT-management and server maintenance activities.

Apart from the above mentioned contributions made by him towards our organization, I would also like to mention that his strengths have always been visible in his work. He is a professional, confident, assertive and an enthusiast person. Along with being a reliable team player, he also has the ability to work independently with perfection.

Undoubtedly, he is a desirable employee and an asset to any organization. I am confident that he would be valuable contributor towards achieving goals of any organization.

I have no hesitation in recommending him for senior position, which may carry independent responsibility.

I wish him all the best in all future endeavors.
