Dear Amit Kapoor,

Congratulations! You have earned your Cisco Certified Network Associate Routing and Switching Certification. Enclosed is an official copy of your certificate.

You are part of an elite group of highly trained networking professionals who have chosen to extend their knowledge and strengthen their professional credentials through Cisco Certifications. Your certification validates your expertise in the use of Cisco products in networking environments.

The online Cisco Certifications Tracking System http://www.cisco.com/go/certifications/login can help you monitor your certification progress, view recertification deadlines, and keep current with program enhancements and new offerings. While you are using the Tracking System, locate the Validation and Logos tab to download the corresponding logos for use on your business card, letterhead, or other promotional materials. Choose the Certification Logos option and follow the instructions.

Cisco certificates are uniquely numbered. Both certified individuals and third parties can verify authenticity by entering the certificate number (located on the bottom left of the certificate) at http://www.cisco.com/go/verifycertificate.

If you have questions, visit our Certifications Online Support at http://www.cisco.com/go/certsupport.

Again, congratulations on earning a Cisco Certified Network Associate Routing and Switching Certification. We look forward to a productive, ongoing relationship with you as you continue to expand your networking expertise.

On behalf of Cisco Systems, best wishes for your continued success.

Sincerely,

Chuck Robbins

Preliminary Examination Score Report
Cisco Certified Network Associate

Date Tested:	23-Jan-2018
Candidate:	**Amit Kapoor**
Candidate ID:	257540609
Cisco ID(CSCO):	CSCO13272104
Registration ID:	328860861
Validation ID:	556207595
Testing Site:	77872
Exam Number:	200-125
Passing Score:	810
Your Score:	915
Grade:	**Pass**

The official score is based on a scale of 300 to 1000 points.

Cisco policy requires that you wait a minimum of 180 days before retaking a passed exam (with an identical exam number).

PLEASE READ: IMPORTANT INFORMATION

- The score information displayed on this report is preliminary and does not constitute an official score report. Cisco seeks to assure the validity of exam scores by analyzing exam responses for consistency. Your score may be classified as indeterminate if it is at or above the passing level and Cisco cannot certify that it represents a valid measure of your ability as sampled by the exam. After review and analysis, your score will either be:
  a) Classified as "valid" and your official exam result will be reported at http://www.pearsonvue.com/authenticate. You can view exam results by using the registration and validation numbers displayed in the left column within 72 hours of your exam session.
  b) Classified as indeterminate and you will be advised of the options for retaking the examination.
- If this exam completes a certification requirement, please allow 10 days for Cisco to receive your exam results. Then login to the Certification Tracking System at http://www.cisco.com/go/certifications/login to view your certification status. Ensure that your name and mailing address are correct. You will receive an email with instructions explaining how to obtain your certificate if applicable.
- To receive or stop receiving communications, log in to the Certification Tracking System and select your preference in the Opt In/Opt Out section.
- For additional certification and training resources, visit: http://www.cisco.com/go/learnnetspace

The following report shows your performance in each section of the exam:

The Certification Exam Policies webpage (www.cisco.com/go/exampolicy) provides a single resource giving key certification policies, agreements, and the CCIE policy page for information specific to the CCIE program. Consult this section for current information on program policies for Cisco Career Certifications exams.

The scores below are not cumulative.

Network Fundamentals	80%
LAN Switching Technologies	67%
Routing Technologies	88%
WAN Technologies	100%
Infrastructure Services	100%
