Sachin Jangir

has successfully completed the online Specialization

Cisco CCNP Enterprise ENCOR (350-401)

Congratulations on completing the Cisco CCNP Enterprise ENCOR (350-401) course! This program provided an in-depth journey through enterprise network design, virtualization, and advanced networking concepts. You've developed expertise in key areas like SD-WAN, BGP, network automation, and cutting-edge security technologies. Your ability to configure and troubleshoot complex Cisco networks has been enhanced, ensuring you're equipped to take on advanced roles in enterprise networking. This achievement showcases your mastery in enterprise networking solutions and your readiness to excel in the Cisco ENCOR exam.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
