PROJECT – IoT Enabled Waste Management System for Smart City

Resource Centre

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY
JLN MARG. JAIPUR-3O2OI7

OFFER LETTER

Date: 02-07-2018

Mr. Ashish Pancholi s/o Shri Ganesh Sharma, whose date of birth is 28/03/1990, is hereby offered as Junior Research Fellow (JRF) (purely temporary ad-hoc project post) under the project "**IoT Enabled Waste Management System for Smart City**" sponsored by DST, Rajasthan in the Department of Computer Science & Engineering on a consolidated assistance of Rs. 11,400/- per month only. This is based on the recommendation of Project Selection Committee (PSC) and approval of the competent authority. This assignment is for one year only. Tenure may be extended for one year upon satisfactory performance and recommendations of Project Selection Committee (PSC). This may please be noted carefully that this is a project assignment, and has nothing to do with Malaviya National Institute of Technology Jaipur.

His engagement may be discontinued at any time by one month notice in writing either by employee to the principal investigator OR by principal investigator to the employee on recovery of one month's emoluments in lieu thereof OR the emoluments for the period by which one month's notice falls short of.

No other allowances/perks/facilities etc. will be allowed except 8 days casual leave for entire duration as per the rules. He will be governed by the rules of the project as framed or modified from time to time.

Dr. Dinesh Gopalani

Principal Investigator
