TO WHOM IT MAY CONCERN

This is to certify that Sh. Shobhit Verma S/o Shri Om Shanker Verma is well known to me since over six years. He has been worked as YP- II Skilled Assistant (R&D Lab and Project Admin) in ICAR funded NICRA Project entitled, "Understanding the changes in host pest interaction and dynamics in mango under climate change scenario" w.e.f 01.03.2015 and project ended in 01.03.2021. During the period of his stay at Central Institute of Subtropical Horticulture Lucknow, he has been primarily responsible for Project related activities as General Admin & Other secretarial work, raw data collection and data feeding into client server, Writing reports and Field surveys assessments in fixed orchards in Lucknow and its adjoining districts with reference to Research & Laboratory. He has been actively involved in other general management activities with associated area as Institute nursery, Stores, Meteorology block and Farm area (net houses) etc.

Beside Project work, he has also been helpful in few groomed areas as in Institute library, dak & diary dispatches, establishment misc. with multi work functioning through File management, draft correspondences, mail & document control etc.

In my opinion, Sh. Shobhit Verma is highly efficient and sincere worker. He will be an asset to the institution, wherever he will serve in future. I wish him for success.
