IT NETWORK

An IT professional in working on network solutions for existing and new services in network systems, including design, implementation, and documentation. Seeking challenging senior managerial assignments with a reputed organization to utilize acquired skills in accomplishing organizational growth objectives

CORE STRENGTH

- Routing, Switching, Firewall
- Installation & Configuration
- Technical Troubleshooting
- Equipment Maintenance
- Network Security Management
- Incident & Change Management
- IT Infrastructure Support
- Project Management
- Client Interaction
- Team Lead

TECHNICAL SKILLS

- Routing: STATIC, DEFAULT, EIGRP, OSPF, RIP, BASIC BGP
- Switching: VLAN, STP, VTP, ETHER CHANNEL, SVI, VSS, VPC, STACKING,
- Security: ACL, NAT, VPN, IPsecVPN, SSL VPN
- PORT SECURITY, DHCP, IP SLA, DNS, NTP, SYSLOG
- PRTG, SOLAR WINDS, TNM, JIRA
- Network Devices: Hands-on experience on Catalyst 2960/3750/3850 9500, 1000 series switches, Cisco 2800, 2900 series router, D-Link routers, HP switches, WLC, AP,
- Firewall: FortiGate 40F,600E, 30F,100E, Fortimanager, Basic

PROFILE SUMMARY

1. **Expert knowledge of networking concepts and protocols such as TCP/IP, DHCP, UDP, and routing.**
2. **Windows skills - DNS, DHCP, TFTP, Putty, Wireshark, software installation, active directory, windows firewall**
3. **switching - VLAN, STP, EtherChannel, HSRP, VRRP, GLBP, PVST+ Ethernet Technology, cabling, switch Hardening, password recovery, IOS upgradation, Switch stacking, VSS, VTP, NTP, Syslog, PRTG.**
4. **Routing skills - Routing concept, default routing, static routing OSPF, RIP, EIGRP, BGP.**
5. **Firewall Skills - SD-WAN, Firewall zones, NAT, VPN.**
6. **Other skills and tools- Monitoring infrastructure using PRTG and SolarWinds, ticketing tools, JIRA, Fresh service, Meraki, wireless, Hardening, coordination, cisco ACI, Nexus switches, WLC.**
7. **Managing CCTV camera and IPBX system and provide support to cloud users.**
8. **Manage improvements in all aspects of service delivery including change management, continuous delivery, security as well as monitoring and in a mission-critical, 24/7 environment**
9. **Designed and implemented a disaster recovery solution for the production environment which reduced IT ramp-down.**
10. **High mentoring ability with excellent communication and team management skills. Possess an analytical mindset to cater to exigencies.**
11. **Headed the project for the installation of over 280 FortiGate 40F Firewall and ISP links configure across Pan India.**

Zscaler

- Others: TCP/IP, OSI Reference Model, LAN technologies, WAN technologies, Endpoint security, CCTV, ERP, EPBX,
- Office Application: MS WORD,EXCEL, TEAMS, VISIO
- Operating Systems: Cisco IOS, Windows, Windows Server 2012 & 2016, MAC, Basic LINUX

CAREER GRAPH

1. Organization: - TSYN Technology Pvt. Ltd.
   Designation: - Network Engineer (Jan 2021 to June 2024)
   Location: - Jaipur, Rajasthan

   KEY SKILLS: - Computer Network Operations, Routing, Switching, Firewall, Wireless, Troubleshooting and Communication.

2. Organization: - NOVAC Technology Solutions
   Designation: - Assistance Support Manager (June 2024 to Present)
   Location: -Jaipur, Rajasthan

   KEY SKILLS: - Routing, Switching, Network Security, Wireless, Team handling, Management of Multiple sites Network Need, Decision Making, Coordination and Communication.

Education

B.A.: -	VMOU KOTA	2020
DIPLOMA(CS): -	GPC NAGAUR	2022

Technical Certificate

CCNA (R&S)
COMPTIA. N+
COMPTIA A+
NSE 3

Personal Details

Nationality: - Indian
DOB: - 25/08/1998
Language known: - Hindi & English
